Hello everyone,

The awareness PDF for our 2/28 court-ordered interim production in the Waterkeeper II FOIA litigation is below. It consists of 368 documents totaling 2149 pages. If anyone cannot access it,

please let me know, cc'ing Matthew Harrison. The deadline for review is cob next Monday, 2/26. Please send your comments to myself and Mike Scozzafava. I will be out of the office next week, so Mike will be taking care of any necessary edits in Relativity. If we don't hear from you by cob next Monday, we will assume you have no comments or concerns. Let me know if anyone has questions.

Subject: Update re: Waterkeeper II FOIA litigation

Hello everyone,

I am writing to provide an update on the Waterkeeper II FOIA litigation regarding EPA's reconsideration of the Steam Electric ELGs Rule. As you may recall, back in December, the district court granted our proposed schedule and entered an ordering requiring EPA to make three interim document productions on February 28, March 31, and April 30, and a final production on May 31.
